Asia-Pacific Maritime Security Strategy
August 31, 2015 Dennis Blair and Jeffrey W. Hornung conclude that the Asia-Pacific Maritime Security Strategy released by the Department of Defense is a sound document, but a more comprehensive treatment of the full range of maritime issues would improve US engagement in the region.

Missed Opportunities in the Pentagon's New Maritime Strategy
Recognizing the importance of the Asia-Pacific region and its maritime domain for the security of the United States, the Department is focused on safeguarding freedom of the seas, deterring conflict and coercion, and promoting adherence to international law and standards. As it does around the world, the Department will continue to fly, sail, and operate wherever international law allows, in support of these goals and in order to preserve the peace and security the Asia-Pacific region has ...
