As stated in its introduction, Distant Star is an expansion of the final chapter of Bolaño's later work, Nazi Literature in the Americas, an encyclopedic novel composed of short biographies of imaginary Pan-American authors on the political right. The section, entitled "The Infamous Ramírez Hoffman", is the longest in the novel and is markedly different from the other sections of the book, taking on a less encyclopedic and more personal tone.

Distant Star by Roberto Bolaño, Chris Andrews - Books on ...

I think Distant Star is a fine place to start with Bolaño for people scared off by the size or the storytelling innovations of The Savage Detectives. Distant Star was the second novel I ever read by the guy, and it's probably my second favorite short novel by Bolaño in a near-tie with my favorite short novel of his Nazi Literature in the Americas. However, there are things about the way the latter work is structured that will turn off some tradition-bound readers not amused by the Borges ...
