Living With Lana Game School

Living With Lana is another one of those games that you don't want to play when there are other people around. This 3D game is developed by Play Force One and I think it's the latest of these, uh, type of games. The game features 3D graphics and stimulating settings. It follows the story of a young couple who just moved in together.

The first unveiling of Lana Del Rey arrived in 2011 via YouTube videos that quickly became a viral sensation, led by the moody, murky "Video Games" and followed by "Blue Jeans." Much of her success was limited to the Internet, but it soon started to spill over into U.K. pop culture. By the fall of that year, she released "Video Games" on Stranger Records, an independent division of Interscope ...
